The UW Master of Health Administration program has continued to uphold its strong vision of excellence since its founding over 45 years ago. We prepare innovative and effective health care leaders who can envision possibilities and execute change with well-integrated transformational leadership competencies and skills.

TEAM-BASED LEARNING

Best practice health care is an integrated team process. Our team-based learning model, especially emphasized in year one, helps students obtain the most realistic and applicable training possible.

IDEAL APPLICANT PROFILE

We seek quality and excellence in academic background, intellectual capacity and work experience. The program is designed for students who hold an undergraduate degree and have an average of 1–2 years of professional experience.

The program demands intellectual rigor, professionalism, an orientation toward leadership and action, and an ability to integrate paradigm, theory and evidence.

Designed for students with an undergraduate degree and 1–2 years of experience.

TUITION & FINANCIAL AID

Cost per credit: **\$861***

*These estimates are based on 2020–2021 rates and do not factor in other required fees, textbooks or any annual fee increases.

The UW MHA program is administered in partnership with UW Continuum College. Students are eligible for federal financial aid but not aid funded by state tuition revenue, for example UW and Washington state employee tuition exemptions.

Please direct any financial aid questions to osfa@uw.edu.
